Village Demands Hard Surface Roads From Future Subdivisions

State Will Not Provide Stop and Go Lights for Local Intersections

Hard surface pavements with at least an 18-foot width will be required before any subdivision will be accepted by the village of Antioch.

An ordinance passed by the village board Tuesday evening calls for a minimum of eight inches of gravel surfaces with one prime coat of oil and a sealing coat covered with pea gravel and rolled to the approval of the village.

"It is something I have wanted to see done for a long time," said Trustee Murrill Cunningham, chairman of the street committee.

The previous ordinance called for gravel only and in this day of hard usage by automobiles such a road would not last long. The new ordinance was met by the Oakwood Knolls subdivision before it was even considered.

A letter from R. T. Cash, state engineer at Elgin, informed the village that the state cannot take care of the stop light requests here at this time.

"We are unable to approve installation with local funds the lights at Rte. 21 and 59 (Main and Lake st.), and do not have state funds available for signals at the intersections of 173 and 21, and 173 and 59," Cash wrote.

"As funds are appropriated and become available for additional installation priority must be given to intersections having the greatest need for signalization," he wrote.

The board approved the sale of Buddy Poppies by the V. F. W. on May 14 and 15 and for the sale of poppies by the American Legion Auxiliary on May 21 and 22.

Mrs. A. R. Myers Dies at Woodstock Hospital, Funeral Held Tuesday

Death came at 9:15 p. m. Saturday to Mrs. Mabel E. Myers, 52, of Antioch at Memorial hospital, Woodstock.

Mrs. Myers was born April 15, 1902 in Chambersburg, Pa., moved to Iowa at the age of 15, where she lived until 1934 when she moved to Polo, Ill. From there she moved to Harvard in 1941, and then to Millburn in 1944.

She was a member of the Congregational church at Millburn.

Her marriage to A. R. Myers took place at Winterstet, Ia., Dec. 14, 1922. He survives as do a daughter, Mrs. Robert Ruhle of Marion, Ill.; four sons, Gerald of Troy, Tex., Harold of Antioch; Russell with the U. S. Army in Korea; and Holden of Antioch; her mother, Mrs. Ardie M. Fegan of Earlham, Ia.; a brother, Clarence, of Earlham; a sister, Mrs. Edna Thompson of Woodward, Ia.; and four grandchildren.

The funeral service was held at 1:30 p. m. Tuesday at the Millburn Congregational church with the Rev. L. H. Messersmith officiating. Burial was in Millburn cemetery.

Don Behling Appointed President of Channel Lake Community Club

The Channel Lake Community Club meeting Monday evening made plans for a party it will give for the eighth grade graduates of the Channel Lake Grade school, where there will be 14, and St. Peter's Parochial school, where there are three.

On Saturday, May 15, the graduates will be taken to Chicago to attend a matinee performance of Cinerama and will afterward be treated to dinner in the loop. Several mothers and teachers will serve as chaperones as well as furnish transportation.

The club's annual picnic was discussed. Definite arrangements as to date, time, and place will be taken care of by the Activities and Child Welfare committees.

A letter of resignation from President William Amendola was read to the group. His present work makes this action necessary, and as he has been Cub Scoutmaster at Channel Lake this post also is vacant.

Refreshments were served at the close by the hostesses, Irene Ruyard, June Soncek, and Ellen Stanek.

The executive committee of the club met following the regular meeting and appointed Donald Behling, vice president, to the post of president. John Hojem will serve as vice president.

Charter Membership Still Open in Republican Club

Persons who enroll and pay their dues by the next meeting will still be considered charter members of the new Antioch-Lake Villa Republican Men's club. President Richard Seyfarth announced.

Dues can be paid to William Brook, treasurer, at the State Bank of Antioch.

The next meeting will be held on May 12 at the Antioch Rescue Squad building where the club was organized last week.

Antioch Wins Over Glenbrook, Grant; Loses to Palatine

Sequoits Now Have 5 to 3 Record in Games With One Shutout

The Antioch Sequoits chalked up one of the few shutouts of the season in the Northwest Conference yesterday when they defeated Glenbrook here yesterday 4 to 0.

Although Glenbrook outhit Antioch 6 to 4, Bark Verke kept his hits well scattered and bore down in the pinches. Two errors by Glenbrook, aided the Sequoits in their scoring, but they made every hit count.

With the bases filled and two down, Mike Haviland singled in the first inning that brought the Sequoits their first run. Two more were scored in the second when Brownlee's single pushed them across, and the fourth tally was added in the sixth when Hostetter's single drove in Jack Lawrence.

Antioch now has won five and lost three games in conference play this year.

The Sequoits defeated Grant at Ingleside last Friday 6 to 4. Four hits, including a pair of doubles by Verke and Tom McGreal broke a 3-3 tie in the fifth inning and gave Verke his third victory in five starts. He contributed two doubles and a single to the conquest of the Grant tribesmen. Kent Hatfield was the losing pitcher.

Saturday was a bad day for the Sequoits. They were leading the Palatine Pirates 4 to 2 up to the bottom of the ninth when everything went wrong. The Pirates exploded for eight runs in that inning and added to their many hits. Antioch chalked up seven errors. Meyer of Palatine got two home runs, and Ron Niermer cleared the bases with a three-bagger. Phil Vos pitched most of the game for Antioch, but Fred Clarke finished it.

Shirley Oilschlager and Nancy Rentner Receive A.W.C. Scholarships

The Antioch Woman's club has awarded music camp scholarships this year to two Antioch Township High School students, Nancy Rentner and Shirley Oilschlager.

Both of these girls are juniors in high school this year and have made outstanding contributions to the high school music program. They will attend Eastern Music Camp at Eastern Illinois State College, Charleston from July 4 to 11.

This honor is annually made available to high school students by the Antioch Woman's club to further the cause of music and enrich the life of the community.

Nancy Rentner is a member of the high school a cappella choir and plays saxophone in the band. She is a member of the girls' sextette and has sung and played solos this year.

Shirley Oilschlager is also a member of the high school a cappella choir and plays bass clarinet in the band. She won a superior rating on her bass clarinet solo at music contest this year.

Make Trips to Chicago

Members of the eighth grade class at Antioch Grade School, accompanied by the teachers, Mrs. Vera Smith and Stuart Good, went by bus to Chicago Wednesday, visited the municipal building and attended a session of court as well as taking in a ball game. The sixth grade class taught by Mrs. Donald Kramer went to the Museum of Science and Industry today, and the third grades taught by Mrs. E. W. Edwards and Miss Joan Crawford will go to the Natural History Museum in Chicago tomorrow.

Badger Boys State

Central High School, Salem, has selected two junior boys as representatives to the Badger Boys State at Ripon College. Gene Olson and Brian Beth were chosen for this honor. The boys, sponsored by the Silver Lake American Legion and the Central High School Community Club, will attend the college for one week beginning on June 12. During this time they will receive a course in citizenship.

Slave Labor American Style

This year the electric light and power industry is celebrating "Light's Diamond Jubilee." In the brief span of 75 years electric service has been brought to 99 percent of all occupied establishments in the United States.

The president of a major power company (Ohio Edison) recently talked about some of electricity's achievements—in the home, in business, and on the farm. He said, "Truly, electricity has become the servant of the American people. It . . . asks no time off, never complains about too many little and monotonous jobs, never balks at herculean tasks, and unlike other servants asks for very little pay. There appears no limit to the ways this servant can serve, or to the size of the job, large or small, that it can handle."

In the course of his talk, he also dwelt on other achievements that have been partially obscured because of all the propaganda of socialized government power. Since 1945, the investments of the investor-owned companies have more than doubled—from \$12,500,000 to \$25,000,000. Last year alone the industry added 10,000,000 kilowatts of capacity, and at the end of the year its capacity was 17.6 per cent greater than the demand. Further great expansion is under way. Not one dollar comes from the taxpayers. And—as contrasted with tax-free socialized electricity this progress constantly adds to the taxable resources of government.

The big point is plain. As the spokesman put it, "Investor-owned companies are willing, able and anxious to meet the challenge of ever-growing requirements for electric service, no matter how substantial."

High Tribute

Railroads are good citizens. That simply means that they are vitally interested in the welfare of the people and enterprises in the regions they serve. And when an emergency comes along they do what they can to help.

Secretary of Agriculture Benson is author of a high tribute to the railroads for what they did during the disastrous drought that struck some of the principal cattle-raising areas last year. Railroads in various sections of the country voluntarily made sharp cuts in their freight charges on livestock, hay, and government-owned feed supplies.

The program ended last March 31st, the emergency being over. Shortly afterward Mr. Benson wrote this to the head of the Association of American Railroads: "The dollar value of the freight rate reduction can eventually be calculated. The intangible contribution to the economy of the affected areas by the maintenance of ranches, farms, herds, and flocks can never be measured in financial terms. We feel sure that the results . . . will in time redound to the benefit of the entire economy. . . .

Grass Roots Opinion

"We wish to express to the cooperating railroads, through you, our appreciation. We believe that the farmers and ranchers who have benefited from the program and the officials of the States and counties affected would like to join in this expression."

The railroads know that their own well-being depends on the well-being of the country, and they act accordingly.

WILMOT

Mr. and Mrs. Harvey Brown took George Livermore to the Wisconsin General hospital Wednesday for treatment. Ervin Cates and Ronald, Mrs. Edith Cates, moved to the Lenz house at Bassett Saturday. Mrs. Bertha Harms moved in to the house which they vacated, which she had purchased from Guy Loftus and Mrs. Ray Ferry.

Mrs. Frank Zarnstorff, Sr., entered the Burlington Memorial hospital Sunday evening for observation.

Mrs. Paul Ganzlin spent a few days with Mr. and Mrs. Harold Boulden, Burlington and attended the May Day celebration.

Mrs. Millie Darby, Kenosha, spent a week with Mr. and Mrs. Fred Albrecht and Mr. and Mrs. Alex Schubert.

Mr. and Mrs. Elroy McRae and family and Mrs. Harvey Brown spent Friday evening with Mr. and Mrs. Stanley Miron, McHenry.

Mr. and Mrs. George Higgins called on Mr. and Mrs. Howard Higgins, Mr. and Mrs. Albert Higgins, Kenosha, and Mrs. Lizzie Benedict, Bristol, Sunday.

Mrs. Edwin Parke and family, Forest Lake, spent Saturday with Mrs. Matt Thom.

Mr. and Mrs. Elroy McRae and family, spent the weekend with Mr. and Mrs. Harvey Brown.

Mr. and Mrs. Gust Neuman, Mrs. Ben Elverman, Mr. Fred Rieman spent the week-end in Flint, Mich., with Mr. and Mrs. Paul Jahns, to help celebrate their 40th wedding anniversary.

Mr. and Mrs. Ervin Rasch and family, R. J. Austin, and Mrs. L. E. Sweet were Sunday guests of Mr. and Mrs. Elmer Rasch to celebrate Glen Rasch's birthday.

Mrs. Frank Albrecht, Mrs. Ben Kunz, Mrs. Alex Schubert attended a shower at Mrs. Don Schmalfeldt's, Silver Lake, Saturday afternoon in honor of Mrs. Joe Czebotar.

Mr. and Mrs. Ben Kunz and sons, Garry and Dick, spent Sunday afternoon with Mr. and Mrs. Herman Kunz, Lily Lake, Ill.

keep customers. One of the main inducements is price. So, because of the competition, retail prices are as low as conditions permit, and retailers' profits are very modest.

In a controlled, government-bossed economy, where competition within our understanding of the word does not exist, the price is fixed by the powers-that-be and almost inevitably it is an extremely high price, resulting in tremendous profits.

To take a recent concrete example, the Soviet government has bought a very large quantity of oranges from Israel. It paid 2½ cents each for them. And it is selling them at retail, in the government owned non-competitive stores, for 45 cents! That means it is making a gross profit on each orange of about 1800 per cent.

In this country, on the other hand, the profit made by a retailer on an orange is so small that you could hardly notice the difference if he earned none whatsoever. This is true of virtually all foods and commodities in general use. Typical American retailers, particularly in the mass distribution field, after they pay their taxes and other costs, commonly have left, as profit, but two to three cents out of each dollar's worth of goods sold. And in many cases, the profit is still smaller.

The Low Down from Hickory Grove

To that "land of the Saints"—Utah—I doff my sombrero. For ruggedness you will walk many a mile to find the likes of this Mr. U. S. Agriculture Benson or Mr. J. Bracken Lee, the governor of that outstanding and honorable Utah. In this era of hand-outs—matching money—trick welfare and Govt. aid, Utah has squared its shoulders. Many another state could well afford to tell its governor—when next the governors have a conclave—to give heed and take a leaf from the Mormon book of procedure. Matching money and free aid money from outside Utah has not been relished in the land. They have been here for years that March 15th is pay-back day on gifts.

Congress is beginning to savvy that it is messin' with no mediocre gent in this Senor Benson. But last week Congress—the paper says—was trying to give his agriculture department more money than it asks for its farm program—also was finding fault because the department didn't spend more last year. Oh! me! Mormon ruggedness is one item that is in short supply..

I conclude this essay with another doffing of the chapeau to that "land of the Saints"—also with a tip to the lawmakers that 2 taxes on one item—dividends or what have you—is not a savory dish. Lots of little as well as big folks get dividends.

* * *

INDIANAPOLIS, IND., TIMES: "Whole sections of the United States are getting electric power for less than it costs to make it—with the government paying the difference."

NEW EGYPT, N. J., PRESS: "The other day I read what J. Edgar Hoover, director of the Federal Bureau of Investigation, states in his creed of life. It is so good, honest, and so definitely what all Americans should follow that we give it here: 'Believe in God and the inherent dignity of man. Trust in our democratic principles, and be confident that truth will overcome the menace of dictatorship which today seeks to destroy our freedoms. Strive always to do your best. Make your life purposeful. If each of us in a spirit of self-dedication, will do his share, we can create a better world. That must be the spirit of 1954—the spirit of love, humility and justice!'"

HARDIN, MONT., TRIBUNE-HERALD: "We're not trying to prove there isn't unemployment at the present time, or that it is not a serious problem, but it does seem that some groups—for obvious reasons—are overemphasizing the situation. These same groups often are the first to advocate more government spending as a means of curbing unemployment and assuring prosperity. The federal government cannot forever operate with a deficit, increase spending, and then cut taxes. It isn't in the cards."

Yours with the low down,
JO SERRA

Take Heed, Men
"Man need never go out of his way after women, or spend money on entertaining them. He need only sit quietly at home, and they will come to him" —Casanova.

More Sheep Than People
At the time of the Civil War there were more sheep than people in the United States. In 1944 there were three people and today there are five people for every sheep.

If your home needs repairs or replacements, and you require financing help to meet the cost, apply here. When you borrow here, you get a low-cost loan on terms that you can meet easily from income. Neglect can cost a lot of money—a repair loan from us doesn't. Act promptly—and safeguard your investment.

one D-X...the Lubricating Gasoline!

Story City Kids Put Town on Map In Music World

STORY CITY, Iowa—The kids in Story City are putting their town on the map—with music. Backed and encouraged by the whole town, they are setting records for participation in their school music program.

Of the 110 students in Story City's high school, 51 are members of the band. The total enrollment from fourth grade through twelfth, the grades eligible for participation in the band, is 242. Of these, 118 are playing instruments in the school music program.

This love of music didn't just happen. Story City parents, educators and businessmen planned it. The children are encouraged to find fun in music with an intensive program of band activities, awards, outings and even a small check for summer participation. In addition, they receive free weekly lessons on the instrument of their choice.

Story City's plan to build a better music program in the town of 1,585 persons took root in 1948. At that time the school band limped through parades and concerts with a total of 13 players.

The school administrators, the faculty, school board, parents, local service organization and the Band Mother's Club worked together to make music participation more inviting and to stimulate the interest and ambition of the students.

The Story City instrumental program, under Milton D. Muschel, a former member of the Navy band, now starts at the fourth grade. Students are then encouraged to work for membership in the junior and concert bands.

Easier, Safer Life By Remote Control

WASHINGTON—If man's plans for remote control continue, in the years ahead Dad may one day be able to mow the lawn while enjoying himself at his favorite fishing spot.

An operation now being investigated by the Radio Technical Commission for Aeronautics concerns remote control operation of field lights at airports which are unattended at night.

The operation of airport lights by aircraft radio has been tested in preliminary experiments by one airline which utilizes some smaller airports. In the tests that have been conducted, a radio receiver to which a suitable mechanism had been connected was installed at the airport. The approaching pilot turned on the airport lights by pressing the microphone switch of his aircraft transmitter a predetermined number of times. The lights were extinguished by similar action after takeoff.

Such a system could become an important safety factor by increasing the number of landing fields available in emergencies. A number of problems must be resolved, it is said, before the system can be effectively established.

Rebuilding Colonial Sites Is Modern Trend

WASHINGTON—The past is living again in several American communities where rebuilding is helping Americans to understand their heritage.

Most famous is Williamsburg, political, cultural and social center of colonial Virginia for almost a century. Fifty million dollars and 27 years of work have restored 82 old buildings and reconstructed more than 340 others. Refurbishing of old homes in Georgetown, D. C., and in nearby Alexandria, Va., has also brought back an eighteenth century atmosphere.

The Independence National Historical Park Project which will bring to life famous buildings near Independence Hall in Philadelphia, Annapolis, Md., rich in colonial relics, is undertaking large-scale restoration work and a group of buildings in Savannah, Ga., has become one of the country's best examples of an architectural renaissance.

Other cities with similar projects: Deerfield, Mass.; Columbia, Calif., of gold rush fame; Virginia City, Nev., of Comstock Lode fame; and St. Augustine, Florida, oldest city in the United States.

To the Rescue

MORTON, Wash.—The Air Force came to the rescue when Delores van Parry, 17-year-old Seattle high school girl and part time model tumbled 175 feet from a parapet overlooking Narada Falls in Mount Rainier National Park.

Four members of an Air-Intelligence Squadron, training at the park, saw her fall and with the aid of park rangers, lowered themselves to the injured girl. Hospital officials called her condition "fair" the following day.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Indications point to prolonged Senate battle over tax bill.

Unfortunately, in an election year, entire abouting appears to be over who should pay the tab, not how big the tab should be.

In other words, while arguments rage who should be "soaked," the worker, small business or big business, no big group in Washington questions necessity to C. W. Harder soak anybody. Here's a partial list of nations receiving U. S. taxpayer cash.

Austria, Belgium, Luxembourg, Denmark, France, East Germany, West Germany, Greece, Iceland, Ireland, Italy, Netherlands, Norway, Portugal, Spain, Sweden, Tristis, Britain, Turkey, Yugoslavia, Burma, Formosa, Indo China, Indonesia, Thailand, Philippines, Afghanistan, Egypt, Ethiopia, India, Iran, Iraq, Israel, Jordan, Lebanon, Liberia, Libya, Nepal, Pakistan, Saudi Arabia, Bolivia, Brazil, Chile, Colombia, Costa Rica, Dominican Republic, Ecuador, El Salvador, Guatemala, Haiti, Honduras, Mexico, Nicaragua, Panama, Paraguay, Peru, Trinidad, Uruguay, Venezuela, Korea.

Senator Harry Byrd of Virginia says that since World War II, U. S. taxpayers have shelled out \$47.6 billion in foreign aid, or an average of \$5.3 billion per year. Now the Government wants to spend \$5.4 billion on foreign aid for coming year.

Senator Byrd also stated that government employees averaged 1,982,400 before Korea and rose to an average of 2,001,300 in 1952. New proposed budget seeks

© National Federation of Independent Business

2,353,200 or 333,200 more than before Korea.

Of course, Senator Byrd is considered very old fashioned, and has been quite a cross for any administration to bear, because he has two bad habits.

One of his habits is constant reminders that the way to save money is to cut expenses. The other is an irritating habit of disagreeing with press conferences claiming an achieved economy and to dig out the facts so often at variance with claims. In fact, many hold grave suspicion about the Senator, indicating devotion to facts must denote dangerous radical leanings. Almost subversive in fact.

In meantime, U. S. corporations with foreign branches do their best to protect high profit level with two-pronged attack.

One is a drive to abolish tariff protection so they can flood the nation with cheap goods produced in their foreign plants. The second drive is to get provisions in current tax bill permitting them to pay 27% less income tax on profits of their foreign operations over domestic operating profits.

Thus, of all the creatures inhabiting this vast land, only the American bee appears carefree as spring opens blossoms.

The American bee can continue to be as busy as a bee, knowing he needs never worry about his over production. Government considers honey a basic farm product, and supports the honey price. Thus honey accounts for part of the \$4.5 billion worth of surplus farm products costing U. S. taxpayers more than half a billion dollars yearly in warehousing costs. The American bee never had it so good. He also knows bees are well represented in Washington, especially in bureaucratic bureaus.

SOCIETY EVENTS

Sermons of Missions at St. Peter's Announced

Mission talks to be given by the Very Rev. John P. Dowling starting Sunday at St. Peter's Catholic church have been announced by the Rev. A. J. Henderson, pastor.

Fr. Dowling, head of the Chicago Mission Band, has been giving missions for 18 years in the middle and southern states.

The sermons for the week are:

Sunday—God the Creator and the Father

Monday—The Laws of God

Tuesday—The Patience and Mercy of God

Wednesday—Death and Judgment

Thursday—The Virtue of Purity

Friday—Matrimony

Saturday—Heaven

Sunday—The Holy Eucharist.

Lake Villa Girl Heads College Ticket Sales For Tri-School Show

Carrie Cullimore, daughter of Mr. and Mrs. Don Cullimore of Lake Villa, who is a student at Christian College, Columbia, Mo., is in charge of tickets and programming for the production of "College Capers," to be presented next Wednesday in the assembly hall of Stephens College.

The four main production numbers will be centered around the decades. Christian and Missouri University, also at Columbia, will present the 20's and 40's, and Stephens will have charge of the 30's and 50's.

Trevor 4-H Club Plans Tableau at School for Public Friday Night

"The Family Album," a tableau will be presented by the Trevor Eager Beavers 4-H club tomorrow (Friday) at 8 p.m. at the Trevor school.

Mrs. Florence E. Dexter is the director and Mrs. Milton Patrick will be the narrator. Members of the cast are as follows:

Engagement scene—Barbara Smith and Frank Wilcox.

Wedding scene: Lillian Smith, bride; Frank Wilcox, groom; Kenneth Nicpons, best man; Barbara Smith, bridesmaid; Reta Jozefowicz, flower girl; Janet Ziegler, ring bearer; Charles Prange, preacher; and John Fleck, photographer.

Village Belle: Pat Rodney, Freckles, James Schultz.

By the Seashore: Kenneth Nicpons and Carl Crifasi.

Flora Dora Girls: Caryol Crefasi, Barbara Smith, Judy Laskay, Lorrie Stefan, Lillian Smith, Rosemarie Ziegler.

The man on the Flying Trapeze—James Posch.

Gym routine—Carole Prange and Kenneth Nicpons.

Bicycle Built for Two—Judy Laskay and Carl Crifasi.

Sipping Cider Through a Straw: Judy Simons and John Fleck.

Three Generation Picture: Rosemary Ziegler, mother, Susan Ramsell, grandmother, and baby.

Desperate Desmond Tried Again: Hero, Robert Sves; Girl, Frances Mattis; Villain, Heinz Kaiser.

School Days: Ruth Kaiser.

Wash Line scene: Liza, Mary Syes; Rastus, Frank Mattis.

Home, Sweet Home: Father, Frank Wilcox; Mother, Diane Plunkett.

Members of Trevor Homemakers club are in charge of the costumes and stage. Musical selections between acts will be by Lorrie Stefan and Dennis Stefan, Charles Prange and James Morse, and Frances Mattis and Gene Wire.

The public is invited and proceeds will go into the club treasury. Mrs. Henry Prange is the club's general chairman.

BUS. & PROF. WOMEN INSTALL OFFICERS MONDAY EVENING

Forty-five members and guests attended the annual dinner-meeting of the Antioch Business and Professional Women's club, held at Smart's Country House Monday evening. Miss McNair, district chairman acted as installing officer, installing Mrs. Wanda Oftedahl as president, Mrs. Donald Gibbs, vice president, Mrs. Russell Barthel, secretary and Mrs. May Atwood, treasurer. Following the installation Miss E. Laurence, past national president gave a short talk and Mrs. Alice Freeman gave several musical readings.

CELEBRATE THEIR GOLDEN WEDDING

Mr. and Mrs. William Hanneman of Burlington, former residents of Antioch celebrated their golden wedding anniversary Sunday at the Burlington Masonic temple. Mr. Hanneman operated a barber shop in Antioch 50 years ago.

Those from Antioch attending were Mr. and Mrs. Russell Keulman, Mr. and Mrs. Walter Baethke, Mr. and Mrs. William Keulman, Jr., Mr. and Mrs. Robert Wilton, Mesdames Olive Keulman and Mollie Somerville, Mr. and Mrs. Irving Elms, Mr. and Mrs. Charles Octaving and Mr. and Mrs. Charles Tiffey of Waukegan.

Antioch Woman's Club Elects New Officers at Annual Spring Luncheon

Mrs. Louis Blei was re-elected president of the Antioch Woman's club at the Annual Spring luncheon meeting Monday afternoon at Chain O' Lakes Country club. Other officers elected were: Mrs. C. E. Hennings, vice president; Mrs. Einar Petersen, recording secretary; Mrs. Edward Jacobs, corresponding secretary and Mrs. Clarence Olson, treasurer. Miss Sheryl Maler was selected by the club to spend a week at the Illinois Conservation school at Lake Villa.

MISS SCOTT TO TAKE PART IN STUDENT REVUE

Miss Suzanne Scott, daughter of Mr. and Mrs. Leon Childs Scott, is taking part in the annual student revue to be presented May 7 at the National College of Education at Evanston. The revue is the annual production written and enacted by students at the college. Suzanne, a junior, is participating in several numbers in the revue, and is also a member of the writing committee. The performance is titled "Under the Hat," and will combine music, drama and dancing.

HOME BUREAU HOLDS CO. MEETING AT MILLBURN

Lake county members of the Home Bureau met at the Millburn Congregational church Tuesday evening for a lesson on upholstering with foam rubber. Mr. and Mrs. Walter Staagaard presented the lesson which they received at University of Illinois last July. The lesson will be passed along to the various units at special meetings. Those from the Antioch unit attending the county meeting were Mesdames James Van Cura, Hjordis Bremer, Emily Paul and J. P. Heick.

F. T. A. CARD PARTY AND DANCE SAT., MAY 8

The Antioch consolidated Grade School Parent Teacher Association will hold its annual card party and dance Saturday evening, May 8, at 8 p.m. at the school. There will be card games, dancing, refreshments and games for children.

Sunday dinner guests of Mrs. Wanda Oftedahl were Miss E. Edland of Norway; Mesdames Esther Hauser, Hanna Ness, Annie Dahl of Chicago and Mrs. Francis Van Horn of Antioch.

Mrs. Irving Elms was hostess to the twelve members of the past matrons club at her home Thursday evening. Bridge was played during the evening and refreshments were served later in the evening.

Mr. and Mrs. H. E. Shepard and daughter Mary and Miss Judi Gasson of Kansas City, Mo., spent the week end in Antioch with relatives.

Mr. and Mrs. Carl Schrimpf of Round Lake are the parents of a baby daughter born Wednesday. Mrs. Schrimpf is the daughter of Mr. and Mrs. Frank Lux of Antioch.

Miss Patsy Keulman, 781 N. Main st., was recently initiated into Sigma Sigma Sigma, social sorority, at Whitewater State college.

* * *

Mrs. S. Boyer Nelson has been at Wesley Memorial hospital, Chicago, for observation the past week.

Channel Lake Girls Sing Original Song At Round L. Exhibit

The Channel Lake Girl Scout Troop 36 took part in the Lakeside Council's Girl Scout exhibit last Saturday at the Round Lake Consolidated school. The troop was unable to carry on any work projects during the past year due to lack of space for storing materials.

When the theme of the exhibit was announced as "Look Wider Still" the girls with their leaders wrote a song around the theme using the music from Star Dreams, by King, and sang it as their part in the exhibit. The leader, Mrs. William Amendole, accompanied the girls, and they were directed by the co-leader, Mrs. Russell Homan.

The words were: "Look Wider Still, (repeat) and find that scout far o'er the hill. Look o'er the sea in other lands, she's waiting now to take your hands; You'll find she's true, but she needs you to show her friendship and goodwill; Always be prepared, and you'll look wider still."

Look wider still (repeat), and all those empty places fill, now do your share, search everywhere, and show her just how much you care; you'll find she's true, but she needs you to show her friendship and goodwill; Always be prepared, and you'll look wider still."

The cub scouts of Channel Lake will hold a bake sale on Saturday, May 22 from 9 a.m. on at the Ford garage showroom.

In Memoriam
Members of the Order of Easter Star officers club wish to express their appreciation and thanks to all who helped in any way to make the card party a success.

Auxiliary News

The next regular meeting of the Antioch Unit American Legion Auxiliary will be a party honoring the Gold Star members of the unit on Friday, May 14, at 8 p.m. in the Legion Home. Mrs. Addie Horton, gold star chairman, will be in charge of the evening's activities.

Poppy Posters Judged

Poppy posters made by pupils of Antioch Grade school, totalling 115, were on display at the Legion Home Saturday afternoon by Mrs. Zella Larson, poppy chairman. Many posters were so very good in originality and workmanship it was a difficult task for the judges to choose the winners. Those chosen in Class I comprising the 4th, 5th, and 6th grades were:

Jane Lassen, 1st, Beata Libigs, 2nd, Lorraine Gibbons, 3rd, and Colleen Mortensen received honorable mention, all of Antioch.

Chosen from Class II, comprising 7th, 8th and 9th grades were:

Karen Rentner, Antioch, 1st; Christine McNeil, Lake Villa, 2nd; Judy Zeilbar, Lake Villa, 3rd.

James B. Hogan, Antioch received honorable mention.

Winners from the Unit will be judged by the district and then sent to the state poppy chairman for final judging.

Judges of posters for Antioch were Mrs. James Maplethorpe, Mr. David Nissen and Mrs. L. R. Van Patten.

Wear a Poppy to Honor War Dead

Everyone in Antioch will be asked to pay individual tribute to America's war dead on Friday and Saturday, May 21-22 by wearing a memorial poppy. When they put on their poppies they will also be asked to contribute to the welfare of disabled war veterans and needy children of veterans. The observance of Poppy Day here will be part of the nation wide, annual observance, directed by the American Legion Auxiliary.

Arrangements for Poppy Day in Antioch have been completed by a large committee of Auxiliary women in charge of Mrs. Zella Larson, local Poppy chairman. Teams of volunteer workers from the Auxiliary and other co-operating groups will be on the downtown streets Friday evening, May 21 and Saturday, May 22, all day, with the little red artificial poppies.

The Auxiliary's memorial poppies have been made by disabled veterans of the two world wars and the Korean conflict at the various veterans hospitals. They are crepe-paper replicas of the famous Flanders Field poppies, which bloomed so strikingly on the battlefields and war cemeteries in Europe, and became the memorial flower for the war dead soon after World War I. Making them provides interesting and helpful occupation for the disabled veterans, and enables them to earn much needed money.

Contributions made to the Poppy Day will go into the rehabilitation fund and child welfare fund of the American Legion Auxiliary.

"We hope everyone will join us in paying our Poppy Day tribute to those who died for America, and will contribute generously to aid the disabled and children of veterans," said Mrs. Larson, chairman.

Girl and Boy Staters Chosen

This year, as in preceding years, Antioch Unit and Antioch Post are sponsoring a girl and a boy chosen by the school to be sent to Jacksonville and Springfield to attend Girls State and Boys State, in June.

Mitzi Wolf will represent the Antioch Auxiliary Unit and David Cain was chosen representative of the Antioch Legion Post. Both Mitzi and David are sophomores at Antioch Township High school. During the week at Jacksonville for Mitzi and Springfield for David, they will have the opportunity to take part in the many phases of American government.

PROCLAMATION

by The President of the Village Board WHEREAS, many citizens of the Village of Antioch served gallantly in the defense of the United States of America in world wars and many sacrificed their lives in that service, and

WHEREAS, the memory of those who died will always be held in the highest honor of Antioch community, and will always be a source of patriotic inspiration for us all;

WHEREAS, this memory is brightened each year and honor paid to the war dead by the wearing of the Memorial Day Poppy on the Friday night and Saturday before Memorial Day, now

THEREFORE, I, James W. McMillen, President of the Village of Antioch, do hereby proclaim Friday night and Saturday the 21st and 22nd of May, 1954, to be POPPY DAY in the Village of Antioch and urge all citizens to observe the dates so set by wearing the Memorial Poppy.

Signed in person by J. W. McMillen, President of the Antioch Village Board, this 4th day of May, 1954.

In Memoriam
Members of the Order of Easter Star officers club wish to express their appreciation and thanks to all who helped in any way to make the card party a success.

Father of John Russo Dies in Chicago from Infirmities of Old Age

William Russo, 89, father of John Russo of East Shore Bluff lake, died at 2:15 p.m. Tuesday at the home of his daughter, Mrs. Annette Mannerino, 4715 W. 87th st., Chicago, with whom he had resided since his health started declining two years ago.

Born in Naples, Italy, Mr. Russo was 10 years old when his parents, Mr. and Mrs. August Russo came to New York. He spent most of his life on a farm at Winner, S. Dak., which the family homesteaded. Ten years ago they came to Chicago to reside.

Surviving are the widow, Theodosia Russo, a brother, Alphonso, 12 of the 14 children, 16 grandchildren and 1 great grandchild. All of the children but John live in Chicago. The funeral service will be held Saturday morning at Our Lady of Pompeii Church, Chicago, with burial in Mt. Carmel cemetery. The body rests at the Iarussi chapel 613 S. Ashland Ave.

Parents of Daughter

Mr. and Mrs. William Gerber are the parents of a daughter "Janice Lois". Born April 30 at Victory Memorial hospital, Waukegan.

Mrs. Eleanor Edgar spent the week end visiting her granddaughter, Carol Loftus at the University of Illinois in honor of Mother's Day.

Mrs. Josephine Cropper Former Antioch Citizen Dies at Cheyenne, Wyo.

Mrs. Josephine Cropper, 88, a former Antioch resident, died Wednesday, April 28 at a Cheyenne, Wyo., hospital.

The body was brought to Chicago where services were held and then brought to Grass Lake cemetery for burial.

Mrs. Cropper was born in Antioch, the daughter of the late Andrew and Mary Herman. She was the sister of Henry Herman and

Mrs. Minnie Ramaker, the latter of Waukegan.

A son, George, survives. Two children, Earl and Lucille are deceased.

Mrs. Hannah Koller will accom-
pany her daughter and son-in-law,
Mr. and Mrs. Hein of Chicago to
Richmond, Ind., for a few days this
week. The Heins expect to make
their home in Richmond, where Mr.
Hein has been transferred by his
employers.

Mrs. Edna Stevens spent several
days in Chicago and Skokie, Ill., last
week, visiting her son, Frank A.
Stevens, and Mrs. Ross. She re-
turned home Friday.

Mrs. Paul Schultz, Mrs. Edna
Stevens, and Mrs. Ben Feldman
drove to Waukegan Monday evening
to attend a birthday dinner for Mrs.
Ben Urban.

Wm. Geraughty, son of Mrs. Sally
Groat returned on Saturday the
24th to duty at the Norfolk Naval
base. He has enjoyed a two week
furlough in his home.

Vernon Olson of First ave. ex-
pects his wife and daughter to join
him in their remodeled home this
Wednesday. They remained in
New York until the work on the
home was far enough advanced to
be habitable. We extend a hearty
welcome to the Olsons!

Mrs. Harry Swanson and Mrs. J.
N. Saroh took a day off to accom-
plish home work for the ladies' proj-
ect for the Deep Lake Carnival.

They drove to Berwyn where some
necessary supplies were obtained.

Central High Library Club

Host to Waterford Library Club

On Tuesday, April 27, the Central
High School Library club under the
direction of Miss Irene Bosman, li-

brarian, acted as host to the mem-
bers of the Library club of Water-
ford High school and their librarian

Miss Ethel Handran who visited
Central's new library. After a brief
program, refreshments were served to
the visitors by the Library Club
of Central High.

SALEM

Misses Velma and Verna Hope of
Libertyville spent Saturday with
their aunt, Miss Olive Hope.

Mrs. Charlotte Bloss spent Sat-
urday night at the home of her son,
Milword Bloss and family.

Mr. and Mrs. Byron Patrick were
dinner guests on Sunday of Mr. and
Mrs. Lester Davis of Bassett. Other
guests were Mr. and Mrs. Thomas
Presco and Miss Ruby Davis of Chi-
cago and Mr. and Mrs. Stanley
Stoxen of Bassett.

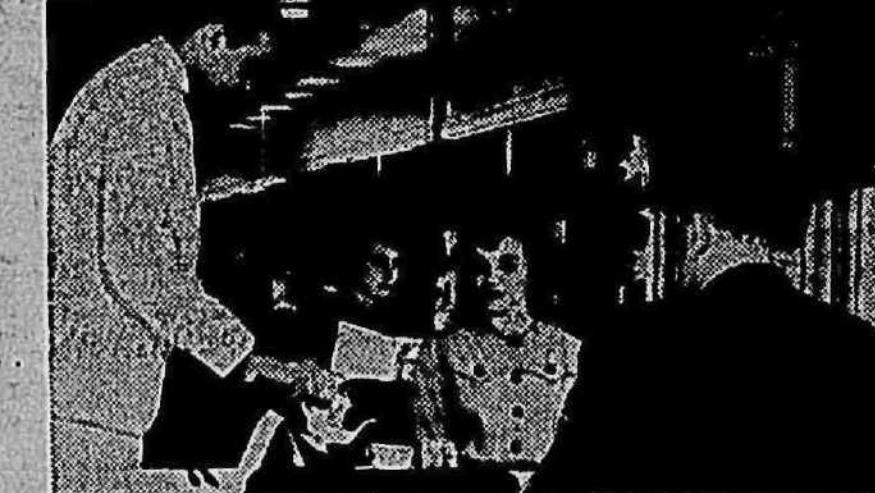

Mrs. Lester Dix and Mrs. Natalie
Stroupe attended a book review at
Wauconda on Tuesday. They also
visited their sister, Mrs. Glenn Dor-
win.

Mr. and Mrs. Milton Patrick of
Trevor visited Mr. and Mrs. Byron
Patrick Saturday evening.

Mr. and Mrs. E. T. Manning spent
the weekend with relatives at
Sheboygan.

Mrs. Herman Schultz and Mrs.
William Gallart have returned from
Winter Gardens, Fla., where they
spent the winter.

All boys interested in playing in
the Pony League are to report at
6:30 p. m. Wednesday, May 12, at
the high school field.

Heart Patients Can Now Drink Ample Fresh Milk

LOS ANGELES—Low sodium fresh milk is being produced by a new process for heart patients. The process makes it possible for heart disease sufferers and others on low-sodium restrictions to still get the value of drinking fresh milk daily.

Developed by a Glendale (Calif.) chemist, Dr. A. L. Chaney, with the assistance of the Los Angeles County Heart Association, the new milk is available at present only in the Los Angeles area, where it is delivered to hospitals and homes upon a doctor's prescription. Under licensing arrangements now being made with major milk companies elsewhere, it is expected that production will begin soon to supply other metropolitan areas.

Ordinary milk is high in sodium content, the same detrimental factor that rules table salt out of the diet prescribed by physicians for many patients with certain types of heart disease and high blood pressure. Yet the food values of milks are important to proper nutrition. Up to now people on a low sodium diet have had to rely upon powdered milk products which must be reconstituted with water to produce a fluid milk. Dr. Chaney's process removes 90 per cent of the original sodium content but does not otherwise alter the milk. The final product is a fluid indistinguishable in taste from ordinary fresh milk, costing approximately 40 per cent less than most powdered low sodium milks.

Old London Bridge Had Many Trials

LONDON—A famous nursery song was echoed here recently when a 7,700-ton freighter was flung by the tide against the arches of the historic London Bridge.

London Bridge didn't fall, although road traffic was suspended and shipping lanes jammed until a covey of tugboats freed the heavily-laden freighter.

The incident brought memories of some of the "bad times" seen by the old bridge. One: the description of a fantastic scene that took place in the 18th century, when "a monster of prodigious size" (a whale) slipped through the bridge supports, only to be killed by the bows, and slings of sailors who caught the creature upstream.

In 1633, fire destroyed a third of the bridge buildings. The Great Fire of 1666 spread to the bridge. As early as 1281 five of the bridge's arches gave way to ice packs. Buildings lined the bridge until a law banished them in the mid 1700's.

Between piers, the rushing water formed eddies and whirlpools, so dangerous there was a saying that "wise men went over the bridge, tools under it."

The "new" bridge was opened in 1831, 50 yards upstream.

Flagpole Painter's Life Is Enjoyable

WASHINGTON—Flagpole sitting is a hobby with some, but flagpole painting is an occupation for Lemuel C. Buckingham, Jr., one of a two-man team in the Nation's Capital that paints the flagpoles on government buildings.

Buckingham has been on the job for the last four years and says he greatly prefers it to working indoors. He likes fresh air, likes to see people and enjoys getting around to different parts of town, he says.

He has plenty of opportunity to see the city, for the Government owns some 500 flagpoles and has each one painted on an average of once every three years. Buckingham and his partner work in boson's chairs attached to a rope that is tied with a single half-hitch, in such a way that it provides a double strand around the pole and a pair of stirrups under the feet.

Building Jet Planes Is Ticklish Task

NEW YORK—It takes 18,000 blueprints to build a single medium jet bomber.

In one plant, 40 copies of each blueprint are required to keep production rolling—a total of 720,000 prints which must be kept up to date and accurate at all times.

The tremendous scope of this job is indicated by the fact that, in a period of rapid technological changes such as that of the present, there are an average of 200 changes per day on a single set of prints.

Out of Season

LOUISVILLE—Three midnight duck hunters drew fines recently for shooting within the city limits.

Patrolmen said the men were shooting at ducks in the Ohio River at the foot of Sixth Street.

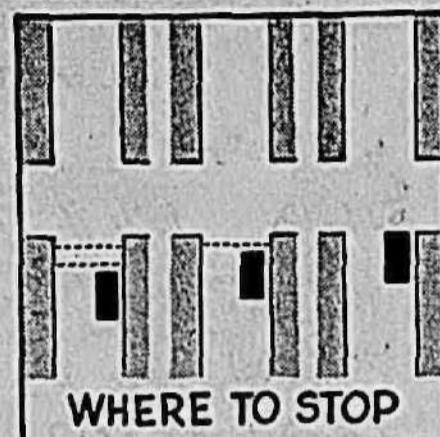

A .22 calibre rifle was confiscated by police, who reported there were no casualties among the ducks.

Tips on Traffic Safety

By
CHARLES F. CARPENTIER
Secretary of State

Illinois law governing stopping of motor vehicles at stop signs marking through highways was changed some by the 1953 session of the General Assembly to clarify the procedure a driver is required to follow.

Section 86. (c) of the Uniform Act Regulating Traffic was amended to make these requirements: The vehicle must be brought to a full stop before entering a crosswalk on the near side of the intersection; if there is no crosswalk, the vehicle

must be stopped at a clearly marked stop line; if there is neither crosswalk nor stop line, then the vehicle must be stopped "at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting highway."

Having made the stop, drivers are then required to proceed cautiously, yielding the right of way to vehicles on the through highway which have already entered the intersection or are so close to it that they are an immediate hazard. (Section 70 (c), Uniform Act Regulating Traffic).

Student Council Sent Delegates to Convention

Two representatives of the Student Council of Antioch Township High School, Rosemary Wolfe and Warren Brownlee, accompanied by their sponsor, Mrs. Jeanette Tumello, attended the state convention for Illinois Student Councils on April 22 through 24 at the Morrison Hotel in Chicago.

On Thursday evening the students

were registered in and attended the student mixer in the grand ballroom. On Friday they attended general sessions and group discussions throughout the day. The students enjoyed in the evening a banquet and Student Council dance given in their honor. They danced to the music of Dick Carlton who has been employed by the Junior class this year to play for their prom.

On Saturday, the students attend-

ed a general session and the election and installation of new officers for the coming year.

Since Rosemary Wolfe and War-

ren Brownlee were selected as state

representatives, they will automatically become members of next

year's Student Council.

The dirt will melt off your bathroom walls if you fill the room with steam by running hot water into the tub and basin. Steam loosens the dirt and only a slight wipe with a cloth is necessary.

GIFTS THAT
MOM HAS ALWAYS WANTED!

Electrical Cooking Aids

(That's right! It's next Sunday!)

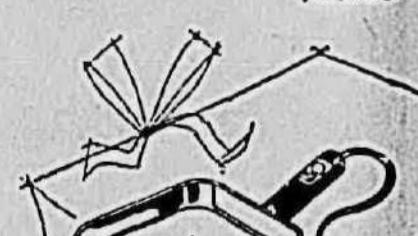

Sunbeam Coffeemaster... assures Mom the most delicious coffee every time because of its patented vacuum-principle, which vigorously agitates the coffee and water into a flavorful brew. And what a savings: Mom will use less coffee and can prepare it in less time.

\$36.95

Toastermaster De Luxe Toaster... it's so automatic it will practically take the bread right out of Mom's fingers. In fact, this will simplify breakfast making! And Toastermaster has the finest features... long-life electric motor, toast control dial, hinged crumb tray, and a full year's guarantee.

\$26.50

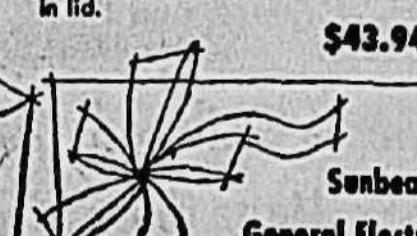

Sunbeam Frypan... Mom will love it! Sunbeam's accurate thermostatic control maintains the exact heat for perfect frying and cooking results... makes the job a little easier for Mom! Expertly made with new water-sealed element so entire pan can be immersed in water for quick, easy washing.

\$24.95

Dormeyer Barbecue-Broiler... now Mom can deliciously barbecue ribs, chicken, or roasts to a golden goodness. Dormeyer is complete with concealed motor which turns spit evenly under fast, infra-red heat. Spit easily removed for broiling. Handy warming plate on top.

\$53.50

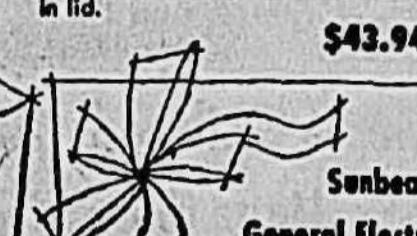

Westinghouse Roaster Oven... automatically cooks a complete oven meal for 8 to 10 people and with not one bit of added effort on Mom's part! She can prepare meat, vegetables, and dessert, all at the same time. Also, she can roast, broil, steam... and even prepare a large turkey. Roaster complete with ovenware dish set and handy look-in lid.

\$43.94

Presto Automatic Skillet... so automatic! All Mom will have to do is cook and serve... right on the spot. Special heat selector gives controlled heat for perfect cooking results every time. Portable size for easy carrying—and so easy to place on table, near TV, on patio or porch and have dinner cook while Mom relaxes.

\$27.95

Sunbeam Egg Cooker... \$12.95

General Electric Sandwich Grill (with waffle grids)... \$16.50

PUBLIC SERVICE COMPANY

Public Service Co. Enlarging Substation on Rte. 59, Antioch

Expansion of facilities at the Public Service Co. substation on Rte. 59 southwest of the village is under way.

The improvement is being made to take care of local service and to provide for future electrical demands in this expanding area.

A new 300,000 kva substation also is being built west of Round Lake. It will connect the 138 volt power line which transversed the area to the 34,500 volt transmission system that supplies local distribution substations between Waukegan and Crystal Lake.

Completion of both projects is scheduled for some time this summer.

Bowmen Hold Initial Shoot at McHenry Have an Open House

The Northern Illini Bowmen held their first shoot of the season April 25th. Although a chilly day, a nice crowd of bowmen took part in the three division novelty shoot.

Winners were:

Men—first, Ed Olsen, Lake Villa;

second, Jack Perry, Lake Villa;

third, Jay C. Crick, McHenry.

Women—Donna Renda, Grayslake.

Juniors—Vernon Block, McHenry.

The picturesque 28-target course is located on the Wheelock farm west of McHenry. Members are from Lake and McHenry counties. The membership is open to men, women and juniors. Officers would like to have junior misses contact them if they are interested so they can have a separate division for them.

The next shoot will be a target shoot on May 16 for members only. There is a special family membership. Anyone interested may contact the secretary, Irene Adams, 117 First Ave., McHenry, for further information.

Two of the Northern Illini Bowmen were winners in the Waukegan Bowman Field Meet recently. They were Duke Adams, McHenry, and Monte Miller, Antioch.

Hold Open House

The Northern Illini Bowmen held open house to a large crowd at the State Conservation department at Lake Villa on April 20.

Films of bow and arrow hunting in Canada and others of interest were enjoyed by the crowd.

The highlight of the evening was a talk given by Atty. Hal Kolbe of the Waukegan Bowmen. He took his audience back to his boyhood days in Florida when he used home made bows and crude tips of glass and sharp stones for arrows. He described the hunt from small game to a prized wild steer. In closing he gave many pointers on stalking deer.

WHAT DO YOU WANT TO KNOW ABOUT BANKING?

If I bank my savings with you, my aunt says, they'll look for me—because they'll earn compound interest. Will you please explain what this means?

SAVINGS balances here draw interest—"rent" for our use of depositors' money—not only on deposits but also on interest earned.

When you deposit in a savings account here, compound interest helps build up your balance. Why not open an account with us?

HICKORY

Mr. and Mrs. Holger Nielsen and two daughters of Linwood, Calif., called on the Curtis Wells and Gordon Wells and Rod Ames families last week. The Nielsens were visiting at the home of their brother, Chris Nielsen, and were going on to Warsaw, Wis., to visit relatives of Mrs. Nielsen before returning to California.

Mr. and Mrs. George Hickey of Green Bay road, Kenosha, called on the H. A. Tillotsons, D. Van Patten and Wm. Thompson families Thursday afternoon.

Christine King came home from the hospital Thursday and is well on the road to recovery.

Mr. and Mrs. Al Rinkv of Milwaukee were guests of Mrs. Richard Wells one day last week.

Richard Wells is now a civilian again. He was released from the army at Fort Sheridan Tuesday, April 27.

Mr. and Mrs. Rod Ames and children called on relatives at Melrose Park Sunday afternoon.

Little Janie Christensen of Waukegan visited at the home of her grandparents, Mr. and Mrs. N. C. Christensen from Friday afternoon until Sunday afternoon when her parents, Mr. and Mrs. Ejnor Christensen came for her.

Mr. and Mrs. H. A. Tillotson and Mrs. Will Thompson drove to Port Washington, Wis., Friday morning and visited the William Hallada family. Master Vaughn Hallada had his tonsils removed at the hospital in Port Washington recently.

Mrs. Don Birchfield and daughter, Kathy, of Waukegan spent Saturday at the home of Mrs. Joe Sheehan.

Mr. and Mrs. Harold Butler and children of Waukegan were Sunday visitors at the Curtis Wells home.

Little Carol Sue Gerber of Antioch is staying at the home of her aunt, Mrs. Dorothy Van Patten while her mother is in the Victory Memorial hospital.

Mr. and Mrs. Leo Lux, Wadsworth, were Tuesday evening callers at the William Welch home.

The Mothers' club held its regular meeting and luncheon at the school house Tuesday evening with eight members present. Plans were discussed for a picnic on closing day of the school and a yearly sightseeing trip for the children.

The paper drive was a success with a profit of \$26.90.

Mesdames Glenn Nettles and Glenn Fox were hostesses.

Junior Prom Queen and Attendants

Marilyn Furlan, center, daughter of Mr. and Mrs. John Furlan, will reign as queen at the Junior Prom of Antioch Township High School Saturday, in the school gymnasium. Members of her court are, left to right, Garnet Seyfarth, Joanne Quilly, Miss Furlan, Mitzi Wolf, and Barbara Smith. Courtesy Waukegan News-Sun

**Junior-Senior Prom
Saturday Night at
Local High School**

The Junior-Senior prom will be held Saturday evening at the boys' auditorium. Underclassmen and outsiders must be accompanied by a senior or a junior, but parents may watch the dance.

The theme is "A Night to Remember" and a color scheme of light and dark blue will be used with many pleasant surprises in decorations. Warren Brownlee will be king and he has chosen to reign with him as queen Marilyn Furlan. The attendants and their escorts are Mitzi Wolf and Mike Haviland, Barbara Smith and Eddie Haling, Jr. Anne Quilly and Fred Clarke, Garnet Seyfarth and Benny Floyd. The coronation will begin promptly at 10:45.

Chairmen of committees are Diane Van Hilt, queen and her court; Marilyn Furlan, decorations; Joyce Carlson, publicity; Marlene Bolton, invitations and programs; and Mike Haviland, clean-up.

Dolph Hewitt

Dolph Hewitt was born to the hills of Pennsylvania; migrated to the sprawling plains of the great Midwest; and has an ineradicable strain of the yesterday, with the refreshing touch of the today. The rich, true voice of the singer makes the listener feel he was born to sing the plaintive hillbilly ballads.

Heard in pre-war days on a variety of well-known radio stations in his native east and in the south, Dolph Hewitt's professional career had to be hung in the family closet with his civilian clothes, as he served his nation as a Pacific Marine for 26 months. Since then, Dolph has made great strides professionally in the middle-west, where RCA Victor Recording company heard him, and quickly signed him to an exclusive recording contract.

At that time, as now, the hard working, unassuming, singing find was heard regularly on WLS, Chicago, and on the WLS National Barn Dance, and seen on the Barn Dance television programs, and weekly personal appearances through the middlewest.

Dolph Hewitt can be seen and heard at the Antioch Community Band Concert in the Antioch High School auditorium at 8 p. m., Tuesday, May 11, singing such Victor Recording hits as "I Wish I Knew," "An Empty Promise," "Tear Drops and Roses," "Ash My Heart," "I Hurt Inside," and others.

Wins Scholarship
Miss Eileen Deetz, Home Making teacher at Central High School, Salem, Wis., was awarded a 1954 Program Seminar on Family Financial Security Education. The course will be given at the University of Wisconsin during the summer session.

Miss Deetz has been very active with young and adult home making groups in the Central High School district. She has been employed there since the school opened two years ago.

Executive Council Meeting

The Executive Committee of Student Councils of the Northwest Association met at Ela-Vernon High school on Monday evening, May 3. Those students attending this meeting from the Antioch Student Council were Bill Terry, president; Carol Cervenka, secretary; and Joe Pechulis "A" club representative. They were accompanied by the Student Council sponsor Mrs. Jeanette Tulumello.

The purpose of the meeting was to accept or readjust in offices students who were running for election in the Northwest Conference area. The elections are being held at the Northwest convention meeting in Antioch on Thursday, May 13.

Women Visit Children's Home

Approximately 340 women in the Chicago area of the Baptist church visited the Central Baptist Children's Home at Lake Villa Tuesday. They heard a report of plans for the coming year by the superintendent Dr. L. B. Snider and then an inspirational address by the Rev. Adam Baum of Chicago. The home is asking for contributions to build a new administration building that will house the George Manzelmann library for the children as well as visual aid equipment.

Community Dance May 14

A community dance sponsored by the Wigwam and Boy Scouts will be given the evening of May 14 at the Antioch High School. It will be a public event. King Jars will provide the music.

USED CAR BUYS

LAKE VILLA

Worship services at the Community church at 11 a.m. on Sunday, May 9 will include reception of new members from the Confirmation class which has been meeting with the pastor for several weeks. The services will carry the theme of Mother's Day.

The Official Board met at the church on Monday evening at 8 p.m. for transaction of business not finished at the last week's meeting.

The Rev. and Mrs. Plummer and sons visited relatives in Orio a few days last week.

The Woman's Society of Christian Service will meet at the church on Thursday afternoon, May 13, instead of Wednesday, May 5 as many of the members attended a meeting of the Antioch W.S.C.S. on that day. Mrs. Boyer, Mrs. Virginia Smith and Mrs. Carolyn Anderson will be hostesses for the dessert luncheon on May 13 and Ruth Haley will be in charge of the devotional period.

The Lake Villa Volunteer Fire department has recently added a piece of new equipment to the department in a jeep which is specially made and equipped for fighting grass fires which are so prevalent at this time of the year.

Mr. and Mrs. Carl Ekdahl and Mr. and Mrs. Ben Cribb drove to Peoria last Friday with Carlene Ekdahl and Jay Cribb who took part in a High School Music contest, Carlene from Grant high school and Jay from Antioch, and both were rated as excellent. Carlene plays the flute and Jay the cornet.

Mrs. Bunkelman of Fond du Lac, Wis., has been a guest at the home of her son, Lester Bunkelman and family for the past two weeks, recovering from illness and a stay at the hospital.

Allan Hamlin, sophomore at Marquette U. at Milwaukee, came Friday to spend the week end at the home of his parents, Mr. and Mrs. Lester Hamlin.

Mrs. Claudette Collins and daughter from Oklahoma are visiting her parents, Mr. and Mrs. Harry Brownlee.

Cedar Lake Camp Royal Neighbors held its regular meeting at the village hall on last Tuesday evening and heard reports on the state convention at Springfield, Ill., by Matilda Bartlett and Cecille Blumenschein who represented Cedar Lake Camp; Mrs. Inga Swanson, a member and a former officer now living in Glenwood, Mo., was present and was guest of honor in celebration of her golden wedding anniversary, and was presented with a gift.

Mr. and Mrs. Harry Pavel are receiving congratulations on the birth of their fourth daughter at the Condeill hospital in Libertyville on Saturday, May 1.

Mr. and Mrs. Jake Wallace of Monaville spent last week on a business trip to South Dakota, and also visited relatives in Northern Wisconsin.

Mr. John Riggs came from Des Moines, Iowa, late last week to visit his daughter, Mrs. William J. Weber, and Mrs. Riggs, who had been with her daughter and family for two weeks, returned home with him.

Mrs. George Mitchell of Evanston visited her sister, Mrs. Helen Weber a few days last week at her Sand Lake home.

The regular meeting of the Halcyon group was held April 27 at the home of Mrs. Delores Cremin, with Miss Cornelia Roberts as guest speaker. Final arrangements were made for the style show to be given by the group May 5 at the Grade School gym. The nominating committee reported on their selection of officers for the coming year. They are as follows: President, Virginia Belke; vice president, Emma Williamson; treasurer, Bernice Armstrong; recording secretary, Shirley Nader; and corresponding secretary Eleanor Holway. Serving refreshments for the evening were Ollie Martin, Shirley Nader and Marie Bunkelman. Miss Roberts' subject was her European trip of last summer.

A style show sponsored by the Halcyon group of the Lake Villa Community Methodist church was given May 5th at 8 p.m. by Marianne of Antioch in the Lake Villa Grade school gymnasium. A hat contest was held in connection. The contestants modeled their own creations and prizes to the prettiest and funniest hats.

Hot Weather Salad
Old-fashioned cabbage salad is excellent for hot weather appetites. Season with onion and parsley, then toss with sugar dissolved in vinegar and a bit of oil to make the cabbage shreds glisten.

Company Poll Discloses Views Of TV Watchers

MINNEAPOLIS — What's wrong with television? Too many Wild West dramas, wrestling and quiz programs, for one thing. And, for another, television is killing the art of conversation.

These were the findings of a Northwestern life insurance company's poll of its white collar video set owners. While objecting to the types of programs listed above, these viewers expressed more favorable opinions of variety shows and dramas.

Of those polled, 40 per cent have children. These parents complained that there is a large shortage of TV programs suitable for children in comparison to the available listening hours; also they objected to the numerous crime programs as bad influences on children; they observed that too many of the adult programs must be censored out for their children. Many stated that they noted a distinct lessening in their children's ability to entertain themselves and increasing dependence upon the television for amusement. They conceded, however, the value of the television in keeping the family together at home, and in bringing some of the greatest news events and entertainment into the family circle.

Sunday afternoon and evening were the favorite periods for regular viewing, by a wide margin, followed in order by Wednesday evening, Monday evening, and Thursday evening. Listening by the office workers for the remaining evenings showed a sharp drop-off compared with the other nights and Sunday.

Typical comments: "Why don't they cut out this blood and thunder . . . too many murders to watch" and "No one visits anymore. Everyone just sits around and watches . . . the art of conversation is dying."

Hearing Aid Put To Unique TV Use

NEW YORK—Television repairmen have come up with a new weapon to use in eliminating "bugs" from your video screen—a hearing aid.

A precision instrument, the hearing aid is so sensitive it allows the repairmen to "tune in" quickly on a wide range of vibration noises within faulty TV sets and thereby reduce valuable "trouble-shooting" time.

Noises include transformer hums and other extraneous sounds, the location of which is difficult to detect through the speaker alone.

The technical definition of a hearing aid is a "specialized audio system that picks up, modifies and tailors" sounds, then transmits them—greatly intensified—to the ear."

During the last ten years the size and weight of hearing aids have been reduced by more than one-third, while their general operating efficiency has been increased more than 300 per cent.

Despite numerous technological refinements in the instruments themselves, prices have increased less than 20 per cent since 1943. At any rate, when the TV man walks in with a hearing aid, you don't have to shout. He may be using the hearing aid only on your set—if he uses it all the time, he can still hear you without your having to raise your voice.

Living Lightning Generated by Eels

WASHINGTON—Earth's creatures have varied weapons for survival but there is none stranger than the Electrophorus electricus, which generates living lightning—or electricity.

The electric eel can outshock any battery of equal size. Its jolt is so powerful it can fell a horse or paralyze a fisherman. It has even lit up neon lights in aquarium demonstrations.

These fish of the Amazon and Orinoco rivers grow to eight feet long and as thick as a man's leg. Actually they are not eels at all, but are classed as gymnotids, related to carps and suckers. The rear four-fifths of their smooth scaleless bodies are composed of electric generating cells.

Scientists know much about the anatomy of the electric eel, but have not learned how it produces electricity in living tissue.

A full-size fish can discharge up to 600 volts and almost 1,000 watts of power. A standard light bulb, by comparison, draws 60 watts from a 110-volt line.

And No Butter!

OTTAWA, Ill.—A La Salle truck driver, Joseph Affelt, cast his bread upon the railroad tracks—unvoluntarily.

Affelt was unhurt when the back of his laden bread truck was chopped off by an eastbound Rock Island train at an Ottawa grade crossing.

Bread and rolls lined the railroad road for half a block after the accident.

BULLETIN**HERE'S WHY BARLEY GROWERS
SAVE THEIR BEST FOR BUD**

They know that the brewers of Budweiser want nothing but the cream of the crop—and pay accordingly. You just can't brew Budweiser with anything but superior ingredients . . . choicest hops, rice and best barley malt.

Nor can you brew it in jig time. After this brew completes the conventional lagering period, it goes through a second fermentation. Only then does it become Budweiser—with the fragrance and the so-distinctive taste that you find only in Budweiser.

And here's your bonus. You enjoy:

1. A beer with all-natural carbonation all of the time.
2. The one beer produced by the costliest brewing process on Earth.
3. The one beer that has pleased more people than any other beer in history.

When you know your beer
...IT'S BOUND TO BE BUD

AN ORDINANCE AMENDING SECTION 4 OF AN ORDINANCE ENTITLED "AN ORDINANCE CONCERNING THE FILING AND APPROVING OF PLATS" IN THE VILLAGE OF ANTIETAM, ILLINOIS, AS AMENDED

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ANTIETAM, ILLINOIS:

SECTION 1: That Section 4 of an Ordinance entitled "An Ordinance Concerning the Filing and Approving of Plats" in the Village of Antioch, as amended, be and it is hereby further amended to read as follows:

"**SECTION 4: IMPROVEMENT OF STREETS**—No plat shall be approved by the Board of Trustees until streets designated thereon shall be graded, gravelled and hard-surfaced to a width of eighteen (18) feet. Such gravelling, which shall be and consist of all crushed road gravel not to exceed One (1) inch in size, shall be no less than eight (8) inches in depth and approved by the Superintendent of Streets, such hard-surface shall be and consist of a surface treated with coats of oil consisting of one (1) prime coat and one (1) seal coat, to be then covered with pea gravel and rolled. Prior to the approval of any plat, the owner may, with the consent of the Board of Trustees, furnish satisfactory bond for the grading, gravelling and hard-surfacing of said streets, and such grading, gravelling and hard-surfacing shall be completed before any permits are issued for any new construction thereon."

SECTION 2: All Ordinances or parts of ordinances in conflict here-with are hereby repealed.

SECTION 3. This Ordinance shall be in full force and effect from and after its passage, approval and publication as provided by law.

Village Attorney.

MILLBURN

Regular services at Millburn Congregational church Sunday, May 9: Sunday School at 9:45 and worship service at 11 o'clock, when the Rev. L. H. Messersmith sermon topic will be appropriate for Mother's Day. Honor Mother by attending church.

Monday evening, May 10 at 8 p.m. a special meeting has been called for the purpose of discussing and voting upon the proposed by-laws for the church and the First Religious Society of Millburn. Every interested person should be present.

The annual Mother and Daughter banquet sponsored by the Men's club will be served Wednesday evening, May 12 at 7:30 o'clock. For reservations call Verlon Groves, Emery Allison, Frank Edwards or L. H. Messersmith.

The Millburn Maidens 4-H club met at the church Monday evening, April 26. Officers for the year were elected as follows: President, Judy Paulsen; vice president, DeJores Davis; secretary, Rebecca Anderson; treasurer, Phyllis Lahey; reporter, Margaret Paulsen; recreation chairman, Mary Schwicht. The next meeting will be at the church on May 20 at 7:30 when three talks will be given by Margaret Pullen, Margaret Paulsen and Mary Schwicht. Twelve women from the Ladies' Aid society attended the county meeting of the Women's Fellowship at Mundelein church Wednesday. One hundred ladies from the six Congregational church of the county were present.

The community was saddened Sunday morning by the news of the death of Mrs. Arthur Myers who passed away in Memorial hospital in Woodstock Saturday night; where she had been taken a few hours earlier, following a stroke. Funeral services were held from Millburn church Tuesday afternoon with the Rev. L. H. Messersmith officiating. Burial was in Millburn cemetery. Sincere sympathy of the community is extended to the family in their loss.

Mr. and Mrs. Lloyd Winans of Maywood were callers at the Savage home Saturday evening.

Members of the Mylo club met at the home of Mrs. Dallas Jones Tuesday evening with Mrs. Howard Bonner as co-hostess. Mrs. Edwin Denman gave a very interesting program of colored slides. Committees were appointed to take care of the Mother-Daughter tea on May 25.

Wilder Smith and sisters, Cora and May Smith of Hebron were callers at the Savage home Sunday afternoon.

Ruth Ann Haisma took part in the State music contest at Bradley Institute in Peoria Saturday.

J. S. Denman is a medical patient in Victory Memorial hospital since Saturday.

Miss Josie Mann, who has been a surgical patient at St. Therese hos-

pital the past week expects to return home this week.

Mrs. Addie Lucas of Wadsworth spent the week end with Mrs. Ida Truax.

The Rev. and Mrs. L. H. Messersmith and Mrs. Ora Davis spent Saturday in Joliet where they were guests of Mrs. Davis' brother, Elmer Shull and daughter, Vanetta.

Mr. and Mrs. Ed Hoffman and son, George, also Mrs. Katherine Thompson and Wesley Behning of Fourth Lake attended the Motorama in Chicago Saturday.

The Rev. L. H. Messersmith officiated at the funeral services for Mrs. Sheridan Burnette at the Strang Funeral home in Antioch Monday afternoon.

Mr. and Mrs. Leslie Dredrick and daughter Chloe enjoyed a trip to Paducah, Ky., over the week end.

Ever See around a Corner?

THE stunning new windshield you find in every 1954 Buick does a lot more than merely keynote the most modern beauty of the times.

Just take the driver's seat in any one of these tomorrow-styled cars and you'll feel positively eagle-eyed.

That spectacular sweep of glass broadens your point of view to the right and to the left.

It puts more safety in your seeing. It lets you see more of what's coming from the sides—and quicker and easier, too—because the corner posts are pulled 'way back.

This, you realize, is true panoramic visibility—and makes anything else seem as outdated as long skirts.

But you ought to look into what else goes with the dream-car styling of these great new Buicks.

You ought to look into the whip-like performance of true high-compression V8

engines that reach new horsepower highs. You ought to look into the silky new ride, the new handling ease, the utter smoothness and instant response of Twin-Turbine Dynaflow.*

Most of all, you ought to look into the sensational new Buick CENTURY that's taking the country by storm—the great new Buick performer that gives you more horsepower per dollar than any other car in America.

We cordially invite you to come in today or the first thing tomorrow—to see and drive one of these great new Buicks—and judge for yourself that here is the beauty and the buy of the year, by far.

*Standard on ROADMASTER, optional at extra cost on other Series.

MILTON BERLE STARS FOR BUICK—See the Buick-Berle Show Tuesday Evenings

BUICK
the beautiful buy

The Look of Tomorrow
lets you see better today

BUICK SALES ARE SOARING! Latest sales figures for the first quarter of 1954 show Buick now outselling every other car in America except two of the so-called "low-price three." And one big reason for this tremendous success is the new Buick CENTURY, with more horsepower per dollar than any other car in the country. Illustrated here is the new CENTURY in the much-admired Buick "Berlin" model.

BECAUSE MEAT IS THE BIGGEST ITEM IN YOUR FOOD BILL A&P HELPS
YOU MORE BY FEATURING LOW PRICES ON LOTS AND LOTS OF MEATS!

NEVER HAVE WE FEATURED MANY FINE MEATS.. PRICED SO LOW!

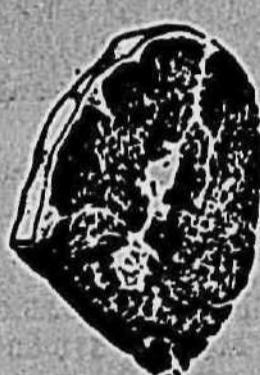

And mind you, these are the same, fine, tender, juicy meats that A&P offers its customers every day, week after week... and always with a money-back guarantee. Today, because of the exceptionally large number of money-saving opportunities awaiting you in our Meat Departments, we need this entire newspaper page, to tell you about them. Even though you are one of the thousands who save by buying meats at A&P regularly,

... you will be surprised at the large number of values listed here. If you've never bought meat at A&P... use this page as your first shopping list. And when you come in to buy—compare the cuts and quality, you will convince yourself that A&P has the meat values. Yes—when you think of trying to save more on your food budget... remember A&P, where fine food is sold at lowest possible prices.

Quinoa Plant Might Replace Maligned Spinach

WASHINGTON—Let's hope that Popeye never hears about it, but U. S. food manufacturers are experimenting with a South American plant that could replace Spinach and have mother saying, "Now, Junior, you must eat your quinoa!"

Quinoa, for centuries the staff of life for millions of South Americans, appears to have possibilities. It grows only in the cold, thin atmosphere 10,000 to 15,000 feet high in Peru, Bolivia and Ecuador, but it is hardy, easy to cultivate, and resistant to pests and diseases.

Its seeds are eaten raw, boiled, roasted, or ground into flour. They are used also in making beer, for medicinal purposes, and as a poultry and livestock feed. Tender young shoots serve as salad greens.

Dried stems make a quick, hot fire—an important element in a land where fuel supplies are not too plentiful.

To a layman, quinoa appears to be only a large weed. It grows three to five feet high, with a stout stem, triangular leaves, inconspicuous flowers and a multitude of tiny, varl-colored seeds.

Ancient Incas regarded it as a sacred plant and marked each planting season with special ceremony.

Technologists of the Food and Agricultural Organization of the United Nations believe the plant has commercial possibilities. Their tests show that 100 grams of seed—a very small meal—contain more starch, proteins, and vitamins than a plate of eggs, a fresh fish, a side dish of assorted vegetables and a generous helping of condensed milk.

Ancient Vessel Holds Treasures

WASHINGTON—About 230 B. C., a Greek sailing ship with a cargo of wine and Campanian pottery sank along the French Mediterranean coast.

The story of that ancient vessel, its discovery and the salvaging of its archeological riches, was told by Captain Jacques-Yves Cousteau, French marine explorer and leader of a National Geographic Society-Calypso Marine Archeological Expedition.

Salvage work has been in progress for over a year on the mud-covered ship lying more than 110 feet deep off the rocky island of Grand Congloue near the port of Marseille. It is being excavated by divers equipped with aquanauts.

Already taken from what is believed to be the oldest seagoing cargo vessel ever found have been 3,000 earthenware jars, black-varnished Campanian dinnerware, plates, cups, and bowls made by Greek potters for export from the Roman province of Latiun.

Amphorae stacked in rows in the hold and on the deck of the ship held resin-flavored wine of the Greek Cyclades Islands and the red Latin wine of the Sabina hills near Rome.

Professor Wants Salt In Various Colors

CINCINNATI—The salt of the earth is in for a hearty shake if a University of Cincinnati color specialist's tastes are catered to.

Says Dr. Isay Balinkin: "Would it not be nice to have blue salt for mashed potatoes?" Blue salt, he says, would look better. We could then use green salt on sliced tomatoes and other matching color combinations so the housewife would always know how many "shakes" she needs to put on.

The purpose of coloring salt, Dr. Balinkin says, is to enable us to see it better. How well can you tell how much white salt is on a white potato?

Autopista Paying Venezuela Dividends

CARACAS, Venezuela—the Autopista, Venezuela's ten-mile-long superhighway that links Caracas with the Caribbean earns an average of \$200,000 monthly in tolls. This is a yield of \$50,000 more than was expected as a result of traffic counts during a period of free use of the highway for trucks and passenger cars early in January.

Built through the Andes at a cost of \$10,000,000 per mile, the Autopista eliminates more than 365 curves in the old road.

At Ease, Men

FRANKFURT—The Army has admitted that the average American male feels more "at ease" in civilian clothes.

U. S. Army officials reported recently that incidents between soldiers and German civilians have dropped since G I's started wearing civilian clothes during off-duty hours.

"The conduct of soldiers generally improves if they are in civilian clothes—they don't feel as conspicuous and they're more relaxed," a spokesman said.

Grass Lake P.T.A. Elects 1955 Officers

An election of officers for the Grass Lake P. T. A. was held on April 23 with the following due to serve in 1954-55:

M. C. Knirsch, president; Mrs. Sylvia Rozak, vice president; Mrs. Robert Hart, secretary; and Mrs. M. C. Knirsch, treasurer. An installation service is planned for the regular May Meeting.

The P. T. A. reports that its project for the year is being realized as the ball diamond is being leveled off and a back stop is being made. A play ground project was chosen for the year.

GOP Women Opposed to Sending Troops Abroad

The Township Republican women of Lake County board of directors recently passed a resolution opposing the idea of sending American troops or material to fight in Indo-China or any other foreign war.

Signed by Bette Thompson, president, and Sarah Swanson, secretary, copies of the resolution were sent to President Eisenhower, Senator Dirksen and Rep. Marguerite Stitt Church.

Members were urged to write to the president and congressmen on the matter also.

Draper Daniels of Lake Bluff Named Co. Democratic Chairman

Draper Daniels of Lake Bluff, a Chicago advertising executive, was elected chairman of the Lake County Democratic Central Committee during a county convention Monday, April 26.

Draper's entrance into politics was

at the age of 18 when he helped organize a Student Democratic Club at Syracuse University in 1932. He was an active worker for Adlai Stevenson before the Democratic primary in 1948. After the primary he was elected precinct committee-man and in 1952 helped set up Democratic headquarters in Highland Park.

He succeeds Walter Koziof of North Chicago.

A University of Illinois agronomist says that you can use corn as a nurse crop by planting it in wide rows and still get high yields.

It's a good idea to apply soil conditioners on a small area before you use them very much because their effect will vary with the type of soil.

Keep your cattle off pastures that are still wet from dew or rain this spring to reduce the danger from bloat.

History Concludes That Puerto Rico Wants U. S. Ties

WASHINGTON—Puerto Rico, so much in the news in recent months, stands as a modern example of an island commonwealth that has won a large measure of self-government but still spurns complete independence from a powerful neighbor.

Those unfamiliar with the situation might have asked themselves this question when five United States Congressmen were shot by Puerto Rican terrorists: Does the little West Indian island really want freedom from this country? Recent historical facts answer the question with unmistakable clarity: Puerto Rico has not achieved full independence for one reason alone—she does not want it.

In 1948, an island referendum overwhelmingly favored a commonwealth associated with the United States rather than American statehood or complete independence. A constitution modeled after the United States constitution and embodying a full bill of rights was approved by Congress and by the Puerto Rican people—more than four to one—in 1952. Under this constitution executive authority rests in the elected Governor, who selects the heads of eight executive departments: state, justice, education, health, treasury, labor, agriculture, and commerce-public works.

Puerto Rico enjoys tariff-free trade relations with United States. Its people are United States citizens and, if residents of this country, may vote in the United States elections. Puerto Ricans may also migrate freely to the mainland. New York City, 1,750 miles away, now has 450,000—twice the population of San Juan proper.

Virginia Police Act in Mercy Role

SALEM, Va.—When a siren wails in the night in Southwest Virginia, it doesn't always mean that a motorist has been "caught" by the highway patrol.

Traffic performance is the last thing on the officer's mind—if he is dashing on to the next county line with a life-saving cargo of human blood.

In the last three years the Virginia State Police have made more than 200 emergency deliveries of blood from the Red Cross regional blood center at Roanoke to hospitals within a radius of 150 miles. First of these emergency cargoes was delivered on the same day the Roanoke center opened in December, 1950.

Since then, forty-odd hospitals in twenty small towns have benefited from this special service of the police, resorted to only when normal means of transportation are not fast enough and when hospitals are short of blood of a needed type.

The service is provided by Lt. Charles W. Blue, in charge of the area state patrol, and his corps of 17 men. They ruefully report that blood emergencies, like babies, seem to come most often in the small hours of the night.

New Dirt Dam Designed To Curb Flash Floods

CHICAGO—Serious flash floods which annually cost this nation's agricultural areas millions of dollars in crop and property losses may meet their match in a newly developed "dirt-cheap" dam invented by an Omaha engineer.

Formed entirely of dirt, the dam is built at right angles to the stream instead of crossing it. A longitudinal levee, made entirely of dirt scooped from storage areas, parallels the stream bank upstream from the main dam at the highest point and tapers to zero at the banks lowest ebb.

This unusual arrangement causes the excess water to be diverted into the storage areas from which the dirt for dam construction was removed.

Soft Water for Best Coffee, Says Report

CHICAGO—Worried about coffee prices? Or did you long ago turn to drinking tea?

If you're still drinking coffee, you may be interested in a recent announcement by a water research institute to the effect that coffee costs can be cut as much as one-fourth by using soft water to prepare the beverage.

Large commercial users long ago turned to soft water for economical reasons, the report states, and now the housewife is taking the cue.

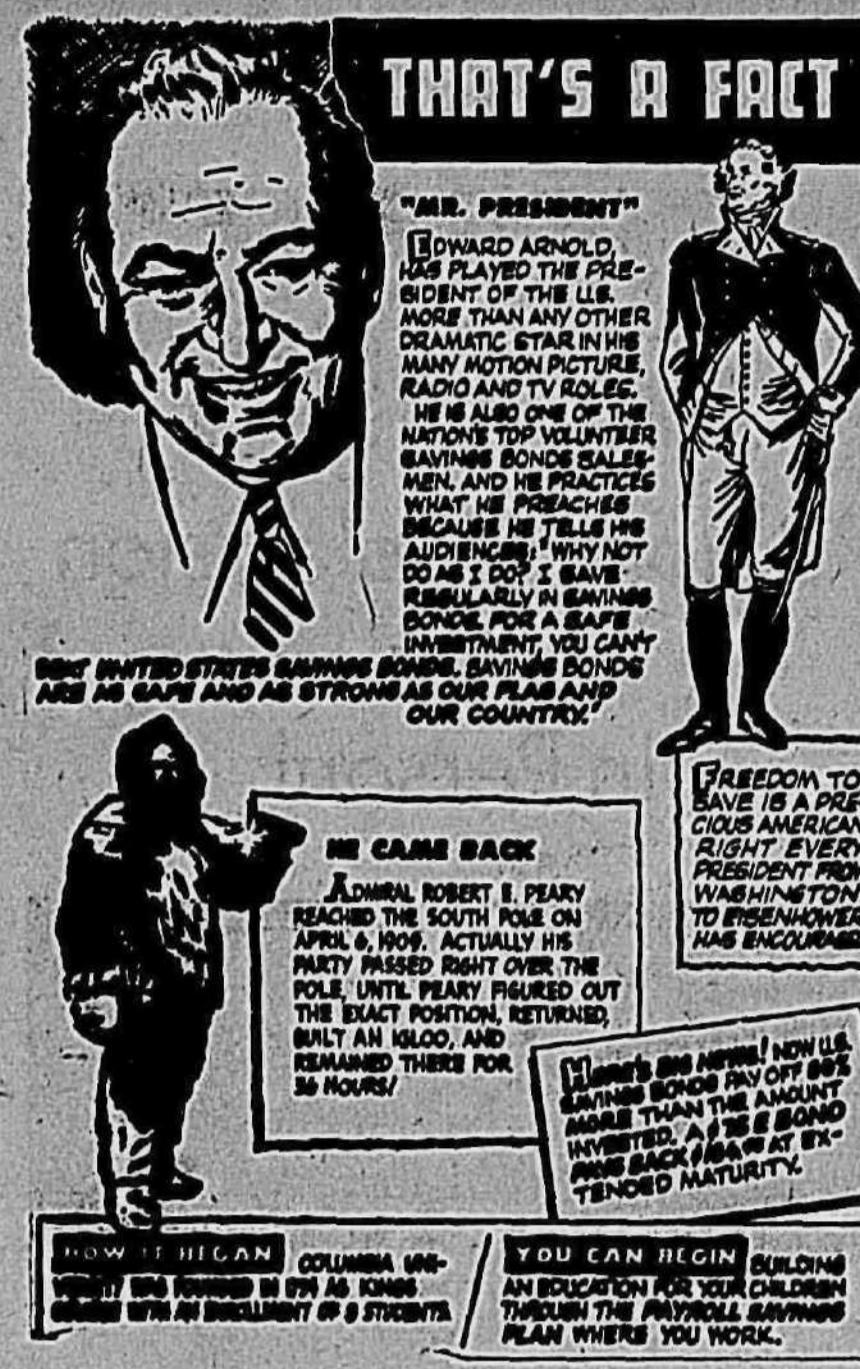

Soft water, it is said, produces "a clear, full-bodied brew."

Not the Joker

FRANKLIN, Ohio—It took Ralph Palmer only a moment to break up a poker game.

When Palmer walked into a cafe, one of the poker players said: "Come on in, partner, you'll make a sixth."

Palmer broke up the game with one winning card—his badge as chief deputy sheriff.

New Jet Fighter May Revolutionize Art of Flying

BURBANK, Calif.—The revolutionary new U. S. Navy fighter plane, the XFV-1, may alter the very form of flight. Pictures of the plane and facts on its unusual landing ability were announced for the first time last March.

Designed to fly straight up from a standing start on its tail, then level off into high-speed conventional flight, the fighter is still undergoing tests at Edwards Air Force Base, California.

In the first public announcement, Lockheed Aircraft Corporation said the experimental fighter is powered to rise vertically, much like a helicopter, streak away at speeds approximating 500 m.p.h., and then land on a climb by backing straight down onto a plot of ground about the size of a tennis court, or even onto the deck of a seagoing ship. Experts say such planes have not been produced in the past because sufficiently powerful motors were not available. The Lockheed plane will have an Allison turbo-prop engine which features two side-by-side jet turbines harnessed to contra-rotating propellers.

In appearance, the XFV-1 resembles a four-fin torpedo with short, straight wings. It has an unusual tail composed of four fins located equidistant from each other in the pattern of an X. When parked ready for vertical takeoff, its standard ground position, the craft rests on its tail—looking much like a fat torpedo standing upright.

With this plane, experts say, all Navy ships could be able to carry their own aerial protection. A convoy could put aloft an umbrella of fighters in a matter of minutes.

Hoax of the Decade Is Piltdown Man

CHICAGO—The Most Discredited Man of the Decade has been nominated by editors of the 1954 Yearbook of the American Peoples Encyclopedia.

But, he'll never know about it, for he's the Piltdown Man, and he has been dead for 500 centuries.

Many anthropologists who have studied the Piltdown Man, whose fossilized remains were unearthed near Sussex, England, in 1912, established his age at 600,000 years. But it turns out that he is 550,000 years younger than they thought.

The hoax was first discovered last year when representatives of the British Natural History Museum used fluorine tests to demonstrate that the Piltdown Man was a fraud of the first water. Tests prove the skull bones are only about 50,000 years old, the jawbone, modern.

Study of the lower jaw and teeth shows that they had been ground to simulate human, or human-like teeth.

To add insult to injury, the lower jaw is probably that of a chimpanzee, age 10.

Fire Losses in 1954 Ahead of Past Year

NEW YORK—Fire losses in the United States for 1954 will apparently continue the trend of recent years—an increase over the previous year.

This becomes apparent because of increases in January and February over the same months of 1953. The National Board of Fire Underwriters announced recently that fire losses for January, 1954 were \$86,493,000, as compared with \$74,155,000 for the same month a year ago. The February increase was more indicative: February, 1953—\$72,736,000; February, 1954—\$78,928,000.

The total figures for the first two months of the present year represent an increase of 10.7 over the same months in 1953. Total fire losses for 1953 were \$903,400,000, an increase over the 1952 total of \$784,933,000.

High Price?—Singer Bathes in Coffee

NEW ORLEANS—High coffee prices apparently didn't alarm singer Abbe Lane, who performed here recently.

Miss Lane took a bath in a tub full of Louisiana coffee—about \$50 worth at prevailing prices. She says it works wonders for her complexion and that she takes a bath every week in 10 gallons, with chicory. At room-service rates of 25 cents a cup, that's 50 bucks a week for her coffee bath.

Could this possibly be the reason for the coffee "shortage"?

Not Her Fault

MILWAUKEE—A woman drove into a gasoline station. The attendant filled the tank and in replacing the hose, left it looped over the rear bumper of the car. The woman drove away, pulling down the gasoline pump.

Gasoline gushed out, the metal pump scraping across the concrete ignited gasoline, and a \$500 fire resulted.

These women drivers!

So Easy . . . So Good Meal

Have you discovered the magic of casserole cooking? This tantalizing flavor-blend of canned corn, condensed cream of chicken, or mushroom soup, with a juicy pork chop for each member of the family is an excellent example. It's the modern, easy-way to get a meal and what is more it's a penny saver. Check the ingredients needed to make flavor-some sauces for baked casserole dishes, and see the saving when condensed soups are used for the sauce.

Family Favorite Meal

Spiced Tomato Juice

Pork Chop Corn Bake

Baked Potatoes

Hearts of Lettuce

Toasted Rolls

Apple or Cherry Pie

Coffee or Milk

Pork Chop Corn Bake

1 can condensed cream of chicken, 4 pork chops (½ inch thick) or mushroom soup Salt and pepper
2 12-oz. cans whole kernel corn 2 bay leaves, or onion slices

Combine soup and corn in a baking dish. Sprinkle pork chops with salt and pepper. Arrange on top of the soup-corn mixture, placing a half bay leaf under each chop. Bake covered in a slow oven (325° F.) about 1 hour. Uncover and continue to bake about 15 minutes until chops are brown. Four servings.

TRY using drained canned peas, mixed vegetables, or green or wax beans instead of corn.

A new opera in miniature is in the works of the Kukla, Fran and Ollie crew. Following the highly-successful pattern of their St. George and the Dragon, NBC's Kuklapolitans will premiere a KFO version of Hansel and Gretel before New York color TV cameras Sunday, May 8th. Impresario Oliver J. Dragon will be at the production helm, with Kukla and lovely Fran Allison slated for the boy and girl title roles. And as

for the witch role: "Well," says Ollie, "this is one repertoire group with its own genuine, built-in witch. Buelah will make the best gingerbread you ever tasted!"

Some men develop nerves of steel through surviving mortal combat; others under the pressure of fire or flood.

Based on the sound reasoning that different listeners prefer not only different types of music, but also different personalities to announce that music, WMAQ now offers This I Like, a Monday-through-Friday disc jockey parade at 9:30 p.m. Dixieland of the 20's, boogie of the 30's, swing of the 40's and pop of the 50's pass in review, assembled by an expert d.j. quintet, each of whom holds sway one night of the week.

BRIEFS: TV New Dimensions, experimental stereophonic sound program pioneered by WNBB and WMAQ, becomes a regular monthly feature of the stations. The simulcasts will be heard every fourth Thursday at 9:30 p.m. . . . Chicago-originated education programs Mr. Wizard and Ding Dong School were both award winners in the Ohio State 18th annual competition . . . Marilyn Perkins marks the fourth anniversary of her Zoo Parade TV series as a network feature in May.

Q QUIPS: Pianist-raconteur Herbie Mintz offers this advice: "remember, girls, a husband is a lot like a cigar—not much good after you've once let it go out!"

Marilyn Perkins marks the fourth anniversary of her Zoo Parade TV series as a network feature in May.

Q QUIPS: Pianist-raconteur Herbie Mintz offers this advice: "remember, girls, a husband is a lot like a cigar—not much good after you've once let it go out!"

Some men develop nerves of steel through surviving mortal combat; others under the pressure of fire or flood.

Based on the sound reasoning that different listeners prefer not only different types of music, but also different personalities to announce that music, WMAQ now offers This I Like, a Monday-through-Friday disc jockey parade at 9:30 p.m. Dixieland of the 20's, boogie of the 30's, swing of the 40's and pop of the 50's pass in review, assembled by an expert d.j. quintet, each of whom holds sway one night of the week.

BRIEFS: TV New Dimensions, experimental stereophonic sound program pioneered by WNBB and WMAQ, becomes a regular monthly feature of the stations. The simulcasts will be heard every fourth Thursday at 9:30 p.m. . . . Chicago-originated education programs Mr. Wizard and Ding Dong School were both award winners in the Ohio State 18th annual competition . . .
